

Avoid bacteria contamination

Avoid mycoplasma contamination

Avoid fungi contamination

Ready-to-use

Non-toxic

Easy-to-use

Keep your lab clean!

Decontamination solutions for your Cell Culture

A5230 Incubator-Clean™

- Disinfectant solution for incubators and sterile benches
- Fully compatible with common work surfaces
- Non-toxic and biodegradable ingredients

Features and benefits:

- Saving of time and money because of less contamination
- Prevention of mycoplasma contamination
- Easy and simple to use
- Mild chemistry
- Usable for all standard surfaces and incubators
- Available in 500 mL and 5 L

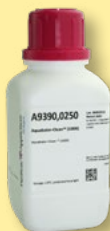

A5219 Incuwater-Clean™

- Specially developed disinfectant solution for CO₂ incubator
- For the prevention of microbial growth in incubator water baths
- 100X concentrated solution: Use 50 mL per 5 L of incubator water bath

Features and benefits:

- Saving of time and money because of less contamination
- Prevention of mycoplasma contamination
- Easy and simple to use
- Mild chemistry
- Usable for all CO₂ incubators
- Available in 100 mL

A9390 Aquabator-Clean™

- Disinfectant solution for ordinary water baths (not for CO₂ incubators)
- For the prevention of microbial growth in water baths
- 100X concentrated solution: Use 10 mL per 1 L of water

Features and benefits:

- Saving of time and money because of less contamination
- Prevention of mycoplasma contamination
- Easy and simple to use
- Mild chemistry
- Usable in standard water baths
- Available in 250 mL
